- At Compass Montessori School, we partner with JeffCo's Department of Security & Emergency Management to support us in keeping our students safe. This includes running periodic drills to ensure that we are ready and responsive in the event of a real emergency. Please find an updated [Emergency Situations at School](#) matrix attached for your review. This document outlines the actions we may take in response to emergencies should they arise.
- It is that time of year again to think about ways to help spread colds, flus and bugs in our environment. Ways to help minimize the germs being spread is to remind your children to wash their hands, cough into their elbow; do not share food, drinks, hats, gloves, etc... Thank you!
